- (h) satisfying itself that the financial statements of the Company fairly and accurately set out the financial position and financial performance of the Company for the period under review;
- (i) satisfying itself that there are appropriate reporting systems and controls in place to assure the Board that proper operational, financial, compliance, and internal control processes are in place and functioning appropriately;
- (j) to ensure that appropriate internal and external audit arrangements are in place and operating effectively;
- (k) having a framework in place to help ensure that the Company acts legally and responsibly on all matters consistent with the code of conduct; and

(l) reporting to shareholders.

The Board retains full responsibility for guiding and monitoring the Company. While in discharging its stewardship the Board may make use of committees in the future, the Board currently intends that the functions and responsibilities of the following committees will be performed by the Board:

- (a) Audit Committee;
- (b) Nomination Committee; and
- (c) Remuneration Committee.

Each director has the right to seek independent professional advice on matters relating to his position as a director of the Company at the Company's expense, subject to the prior approval of the Chairman, which shall not be unreasonably withheld.

In the event of a conflict of interest or where a potential conflict of interest may arise, involved directors will, unless the remaining directors resolve otherwise, withdraw from deliberations concerning the matter.

In accordance with the constitution of the Company, directors (other than the Managing Director) must offer themselves for re-election by shareholders at least every 3 years. The Board does not specify a maximum term for which a director may hold office.

The responsibility for the day-to-day operation and administration of the Company is delegated by the Board to the Managing Director (or the Chief Executive Officer). The Board ensures that the Managing Director (or the Chief Executive Officer) and the management team is appropriately qualified and experienced to discharge their responsibilities and will put in place procedures to assess the performance of the Managing Director (or the Chief Executive Officer) and executive directors.

Where appropriate the roles of Chairman and Managing Director are not combined. The Managing Director (or the Chief Executive Officer) is accountable to the Board for all authority delegated to the position.

Whilst there is a clear division between the responsibilities of the Board and management, the Board is responsible for ensuring that management's objectives and activities are aligned with the expectations and risks identified by the Board. The Board will put in place a number of mechanisms to ensure this is achieved including:

- (a) Board approval and monitoring of a strategic plan;
- (b) approval of budgets and monitoring actual performance against budget; and
- (c) procedures to be put in place to incorporate presentations covering key relevant areas of the Company's operations to each Board meeting by financial, operations and marketing management.

This policy is reviewed **annually**.

2. PROCEDURES FOR SELECTION AND APPOINTMENT OF DIRECTORS

Over time the Board shall work towards ensuring, collectively, it has the appropriate range and expertise to properly fulfil its responsibilities, including:

- (a) accounting and legal;
- (b) business development and risk management;
- (c) industry and public company experience; and
- (d) an appropriate ratio and skills matrix for executive and non-executive directors.

In the circumstances where the Board believes there is a need to appoint another director, whether due to retirement of a director or growth or complexity of the Company, certain procedures will be followed, including the following:

- (a) determine the skills and experience appropriate for the appointee having regard to those of the existing directors and any other likely changes to the Board;
- (b) agree the process and timetable for seeking such a person, which may involve an external search firm;
- (c) a short list of candidates will be prepared for the Board's consideration and interview. The selection process will encourage visitation to the Company's operating sites and an understanding of management information systems. Candidates will be assessed on the following basis:
 - (i) competencies and qualifications;
 - (ii) independence;
 - (iii) other directorships;
 - (iv) time availability;
 - (v) contribution to the overall balance of the composition of the Board; and
 - (vi) depth of understanding of the role of and legal obligations, of a director.

The Board structure and size is reviewed to ensure it is appropriate for the size of the Company appropriate to provide the balance of skills and experience necessary for the conduct of the Company's activities.

The Chairman regularly reviews the composition of the Board to ensure that the board continues to have the mix of skills and experience necessary for the conduct of the Company's activities.

If an invitation to become a director is accepted, the Board will appoint the new director during the year and that person will then stand for re-election by shareholders at the next annual general meeting. Shareholders are provided with relevant information on the candidates for re-election.

When appointed to the Board, a new director will receive an induction appropriate to their experience.

This policy is reviewed **annually**.

This policy is reviewed **annually**.

4. SECURITIES TRADING POLICY

INTRODUCTION

These guidelines set out the policy on the sale and purchase of securities in the Company by its Personnel.

Personnel are encouraged to be long-term holders of the Company's securities. However, it is important that care is taken in the timing of any purchase or sale of such securities.

The purpose of these guidelines is to assist Personnel to avoid conduct known as 'insider trading'. In some respects, the Company's policy extends beyond the strict requirements of the *Corporations Act 2001* (Cth).

DEFINITIONS

In this policy:

Key Management Personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any Director (whether executive or otherwise) of that entity.

The Company has determined that its Key Management Personnel are its Directors, Company Secretaries and those employees directly reporting to the Managing Director (or the Chief Executive Officer).

Personnel includes officers, employees, contractors or agents of the Company.

WHAT TYPES OF TRANSACTIONS ARE COVERED BY THIS POLICY?

This policy applies to both the sale and purchase of any securities of the Company and its subsidiaries on issue from time to time.

WHAT IS INSIDER TRADING?

Prohibition

Insider trading is a criminal offence. It may also result in civil liability. In broad terms, a person will be guilty of insider trading if:

- (a) that person possesses information which is not generally available to the market and, if it were generally available to the market, would be likely to have a material effect on the price or value of the Company's securities (i.e. information that is 'price sensitive'); and
- (b) that person:
 - (i) buys or sells securities in the Company; or
 - (ii) procures someone else to buy or sell securities in the Company; or
 - (iii) passes on that information to a third party where that person knows, or ought reasonably to know, that the third party would be likely to buy or sell the securities or procure someone else to buy or sell the securities of the Company.

Examples

To illustrate the prohibition described above, the following are possible examples of price sensitive information which, if made available to the market, may be likely to materially affect the price of the Company's securities:

- (a) the Company considering a major acquisition;
- (b) the threat of major litigation against the Company;
- (c) the Company's revenue and profit or loss results materially exceeding (or falling short of) the market's expectations;
- (d) a material change in debt, liquidity or cash flow;
- (e) a significant new development proposal (e.g. new product or technology);
- (f) the grant or loss of a major contract;
- (g) a management or business restructuring proposal;
- (h) a share issue proposal;
- (i) an agreement or option to acquire another business; and
- (j) significant contract awards, results, or changes in profit guidance estimates.

Dealing through third parties

The insider trading prohibition extends to dealings by individuals through nominees, agents or other associates, such as family members, family trusts and family companies (referred to as "**Associates**" in these guidelines).

Information however obtained

It does not matter how or where the person obtains the information – it does not have to be obtained from the Company to constitute inside information.

Confidential Information

Employees and directors also have a duty of confidentiality to the Company. A person must not reveal any confidential information concerning the Company, use that information in any way which may cause loss to the Company, or use that information to gain an advantage for themselves or anyone else.

Limiting Risk

Employees, directors and officers must not enter into transactions or arrangements which operate to limit the economic risk of their security holding in the company without first seeking and obtaining written acknowledgement from the Chairman.

Employee share schemes

The prohibition does not apply to acquisitions of shares or options by employees made under employee share or option schemes, nor does it apply to the

acquisition of shares as a result of the exercise of options under an employee option scheme. However, the prohibition does apply to the sale of shares acquired under an employee share scheme and also to the sale of shares acquired following the exercise of an option granted under an employee option scheme.

GUIDELINES FOR TRADING IN THE COMPANY'S SECURITIES

General rule

Personnel must **not**, except in exceptional circumstances deal in securities of the Company during the following periods:

- (a) In the seven (7) days prior to, and 48 hours after the release of the Company's Annual Financial Report;
- (b) In the seven (7) days prior to, and 48 hours after the release of the Consolidated Interim Financial Report of the Company; and
- (c) In the seven (7) days prior to, and 48 hours after the release of the Company's quarterly reports.

(together the **Closed Periods**).

The Company may at its discretion vary this rule in relation to a particular Closed Periods by general announcement to all Personnel either before or during the Closed Periods.

Permission Required

Personnel must **not**, except in exceptional circumstances, deal in securities of the Company without receiving approval in accordance with the process detailed below.

Price Sensitive Information

However, if any Personnel is in possession of price sensitive information which is not generally available to the market, then he or she must not deal in the Company's securities at **any** time.

No short-term trading in the Company's securities

Key Management Personnel should never engage in short-term trading of the Company's securities except for the exercise of options where the shares will be sold shortly thereafter.

Securities in other companies

Buying and selling securities of other companies with which the Company may be dealing is prohibited where an individual possesses information which is not generally available to the market and is 'price sensitive'. For example, where an individual is aware that the Company is about to sign a major agreement with another company, they should not buy securities in either the Company or the other company.

Exceptions

- (a) Personnel may at any time:
- (i) acquire ordinary shares in the Company by conversion of securities giving a right of conversion to ordinary shares;
 - (ii) acquire Company securities under a bonus issue made to all holders of securities of the same class;
 - (iii) acquire Company securities under a dividend reinvestment, or top-up plan that is available to all holders of securities of the same class;
 - (iv) acquire, or agree to acquire or exercise options under an employee incentive scheme (as that term is defined in the ASX Listing Rules), such as a Company Share Option Plan;
 - (v) withdraw ordinary shares in the Company held on behalf of the Personnel in an employee incentive scheme (as that term is defined in the ASX Listing Rules) where the withdrawal is permitted by the rules of that scheme;
 - (vi) acquire ordinary shares in the Company as a result of the exercise of options held under an employee option scheme;
 - (vii) transfer securities of the Company already held into a superannuation fund or other saving scheme in which the restricted person is a beneficiary;
 - (viii) make an investment in, or trade in units of, a fund or other scheme (other than a scheme only investing in the securities of the Company) where the assets of the fund or other scheme are invested at the discretion of a third party;
 - (ix) where a restricted person is a trustee, trade in the securities of the Company by that trust, provided the restricted person is not a beneficiary of the trust and any decision to trade during a prohibited period is taken by the other trustees or by the investment managers independently of the restricted person;
 - (x) undertake to accept, or accept, a takeover offer;
 - (xi) trade under an offer or invitation made to all or most of the security holders, such as a rights issue, a security purchase plan, a dividend or distribution reinvestment plan and an equal access buy-back, where the plan that determines the timing and structure of the offer has been approved by the board. This includes decisions relating to whether or not to take up the entitlements and the sale of entitlements required to provide for the take up of the balance of entitlements under a renounceable pro rata issue;
 - (xii) dispose of securities of the Company resulting from a secured lender exercising their rights, for example, under a margin lending arrangement;

- (xiii) exercise (but not sell securities following exercise) an option or a right under an employee incentive scheme, or convert a convertible security, where the final date for the exercise of the option or right, or the conversion of the security, falls during a prohibited period or the Company has had a number of consecutive prohibited periods and the restricted person could not reasonably have been expected to exercise it at a time when free to do so; or
 - (xiv) trade under a non-discretionary trading plan for which prior written clearance has been provided in accordance with procedures set out in this Policy.
- (b) In respect of any share or option plans adopted by the Company, it should be noted that it is not permissible to provide the exercise price of options by selling the shares acquired on the exercise of these options unless the sale of those shares occurs outside the Closed Periods.

Were this is to occur at a time when the person possessed inside information, then the sale of Company securities would be a breach of insider trading laws, even though the person's decision to sell was not influenced by the inside information that the person possessed and the person may not have made a profit on the sale. Where Company securities are provided to a lender as security by way of mortgage or charge, a sale that occurs under that mortgage or charge as a consequence of default would not breach insider trading laws.

Notification of periods when Personnel are not permitted to trade

The Company Secretary will endeavour to notify all Personnel of the times when they are not permitted to buy or sell the Company's securities.

APPROVAL AND NOTIFICATION REQUIREMENTS

Approval requirements

- (a) Any Personnel (other than Key Management Personnel) wishing to buy, sell or exercise rights in relation to the Company's securities must obtain the prior written approval of the Managing Director or Company Secretary before doing so.

Key Management Personnel sales of securities

Key Management Personnel need to be mindful of the market perception associated with any sale of Company securities and possibly the ability of the market to absorb the volume of shares being sold. With this in mind, the management of the sale of any significant volume of Company securities (i.e. a volume that would represent a volume in excess of 10% of the total securities held by the seller prior to the sale, or a volume to be sold that would be in excess of 10% of the average daily traded volume of the shares of the Company on the ASX for the preceding 20 trading days) by a Key Management Personnel needs to be discussed with the Board and the Company's legal advisers prior to the execution of any sale. These discussions need to be documented in the form of a file note, to be retained by the Company Secretary.

Exemption from Closed Periods restrictions due to exceptional circumstance

Personnel who are not in possession of inside information in relation to the Company, may be given prior written clearance by the Managing Director or the Executive Chairman (or in the case of the Managing Director or Executive Chairman by all other members of the Board) to sell or otherwise dispose of Company securities in a Closed Period where the person is in severe financial hardship or where there are exceptional circumstances as set out in this policy.

A financial hardship or exceptional circumstances determination can only be made by examining all of the facts and if necessary obtaining independent verification of the facts from banks, accountants or other like institutions.

Financial hardship

Personnel may be in severe financial hardship if they have a pressing financial commitment that cannot be satisfied other than by selling the securities of the Company.

In the interests of an expedient and informed determination by the Managing Director or Executive Chairman (or all other members of the Board as the context requires), any application for an exemption allowing the sale of Company securities in a Closed Period based on financial hardship must be made in writing

stating all of the facts and be accompanied by copies of relevant supporting documentation, including contact details of the person's accountant, bank and other such independent institutions (where applicable).

Any exemption, if issued, will be in writing and shall contain a specified time period during which the sale of securities can be made.

Exceptional circumstances

Exceptional circumstances may apply to the disposal of Company securities by a Personnel if the person is required by a court order, a court enforceable undertaking for example in a bona fide family settlement, to transfer or sell securities of the Company, or there is some other overriding legal or regulatory requirement to do so.

Any application for an exemption allowing the sale of Company securities in a Closed Period based on exceptional circumstances must be made in writing and be accompanied by relevant court and/or supporting legal documentation (where applicable).

Any exemption, if issued, will be in writing and shall contain a specified time period during which the sale of securities can be made.

ASX NOTIFICATION FOR DIRECTORS

The ASX Listing Rules require the Company to notify the ASX within 5 business days after any dealing in securities of the Company (either personally or through an Associate) which results in a change in the relevant interests of a Director in the securities of the Company. The Company has made arrangements with each Director to ensure that the Director promptly discloses to the Company Secretary all the information required by the ASX.

EFFECT OF COMPLIANCE WITH THIS POLICY

Compliance with these guidelines for trading in the Company's securities does not absolve that individual from complying with the law, which must be the overriding consideration when trading in the Company's securities.
